

EuCAP 2009 Programme Overview														
Sunday March 22														
16:00 - 18:00 Registration														
Monday March 23														
08:00 - 17:00 Registration														
09:00 - 10:00 Opening Session: Opening														
10:00 - 10:30 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
10:30 - 12:00 Plenary Session: Plenary Talks														
12:20 - 13:30 Lunch break														
14:00 - 15:30														
Mon-Inv1: Invited Papers Antennas	Mon-Inv2: Invited Papers Electromagnetics and Channel Modelling			Mon-SC1: Short Course: Microwave/mmW Phonic Feed Architectures for Large Phased Arrays	Mon-SC2: Short Course: High resolution radio propagation prediction techniques and planning of GSM and UMTS/HSDPA networks	WS-AMTA1: AMTA Workshop-1								
15:30 - 16:00 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
16:00 - 18:00														
EurAAP: Delegate Meeting	Mon-S1: Meta-material-based Gap Waveguides	IEEE-DL1: IEEE AP-S Distinguished Lecturers-1	Mon-SC1: Short Course: Microwave/mmW Phonic Feed Architectures for Large Phased Arrays	Mon-SC2: Short Course: High resolution radio propagation prediction techniques and planning of GSM and UMTS/HSDPA networks	WS-GIGA-COMP: Industrial Workshop	WS-AMTA2: AMTA Workshop-2	Mon-Poster: Poster Session-Antenna Theory-1	Poster Session-Joint A-P-M Topics-1	Poster Session-Propagation-1	Poster Session-Small Antennas-1				
18:00 - 20:30 Reception (Exhibition Hall and Foyer 2)														
Tuesday March 24														
08:00 - 17:00 Registration														
Tue-S2A2: Convented: Array Antennas-1	Tue-S7P1: Convented: COST2100-Vehicular Radio Channels	Tue-S8P10: Measurement and Statistics of Propagation Data	Tue-S1A1: Convented: Optimization Techniques	Tue-S6A6: Convented: Meta-materials-1	Tue-S4A4: Convented: UWB Radar and Remote Sensing-1	Tue-S3A3: Novel Concepts for Handset Antennas	Tue-S5A5: Convented: Antennas for Space Applications-1	Tue-S9M1: Measurements of Antennas and Radar Scattering	Tue-S10J1: Convented: Body Area Networks and Medical Implants-1	Tue-S11S1: Convented: DLR SatCom Day-1				Lobby 1
10:10 - 10:40 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
Tue-S13A8: Convented: Array Antennas-2	Tue-S18P3: Convented: Vehicular Channels	Tue-S19P11: Convented: Large Scale and Multidisciplinary Propagation Projects	Tue-S12A7: EM Theory for Imaging	Tue-S17A12: Convented: Meta-materials-2	Tue-S15A10: Convented: UWB Radar and Remote Sensing-2	Tue-S14A9: Small Reconfigurable Antennas	Tue-S16A11: Convented: Antennas for Space Applications-2	Tue-S20M2: Convented: Special Compact Range Topics	Tue-S21J2: Convented: Body Area Networks and Medical Implants-2	Tue-S22S2: Convented: DLR SatCom Day-2				
12:20 - 14:00 Lunch break														
Tue-Inv1: Invited Papers Antennas	ESoA: Session	Tue-Inv2: Invited Papers Propagation	Tue-SC3: Short Course: UWB Antennas and Channel Characterization for Communication and Radar	Tue-SC4: Short Course: Dielectric Resonator Antennas, Theory, Design and Applications with the Latest Developments	EurAAP: Software Meeting	WS-BLUTEST: Industrial Workshop-1								
15:30 - 16:00 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
16:00 - 18:00														
ESoA: Session (end at 16:45)	EurAAP: General Assembly (starts at 17:00)	IEEE-DL2: IEEE AP-S Distinguished Lecturers-2	Tue-SC3: Short Course: UWB Antennas and Channel Characterization for Communication and Radar	Tue-SC4: Short Course: Dielectric Resonator Antennas, Theory, Design and Applications with the Latest Developments	Tue-S23: Body Area Networks	WS-BLUTEST: Industrial Workshop-1	Tue-Poster: Poster Session - mm-Wave, Remote Sensing & Space Antennas	Poster Session-Joint A-P-M Topics-2						

EuCAP 2009 Programme Overview														
Tuesday March 24 (Continuation)														
16:00 - 18:00														
Wed-S2A14: Phased Array Techniques	Wed-S7P5: Convented: Honorary Session on behalf of Prof. Henry Bertoni-1	Wed-S7P9: Convented: Research activities on channel modelling and propagation impairment simulation within the SatNEX project	Wed-S1A13: EM Theory for New Materials	Wed-S6A18: EBG Structures	Wed-S4A16: New UWB Antennas	Wed-S3A15: Multi-Antenna Systems in Handhelds	Wed-S5A17: Sub-mm-Wave & THz	Wed-S9M3: Advances in Indoor and Outdoor Test Ranges	Wed-S10J3: Convented: MIMO Antenna System Techniques	Wed-S11S3: Convented: Antennas & Propagation Research in China-1				Lobby 1
10:10 - 10:40 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
Wed-S13A20: Reflector and Lens Antennas	Wed-S18P7: Convented: Honorary Session on behalf of Prof. Henry Bertoni-2	Wed-S18P4: Models and Channel Simulations in the cm- and mm-Frequency Range	Wed-S12A19: EM Theory - New Concepts	Wed-S17A24: FSS & Functional Materials	Wed-S15A22: Convented: UWB Antennas for Imaging/Medical	Wed-S14A21: Convented: Small antenna design and measurements-1	Wed-S16A23: Remote Sensing & Space	Wed-S20M4: Convented: Advances in Nearfield Measurements	Wed-S21J4: MIMO Antennas Systems	Wed-S22S4: Convented: Antennas & Propagation Research in China-2				
12:20 - 14:00 Lunch break														
Wed-Inv1: Invited Papers Small Antennas	WS-ESA1: ESA recent A/P supported activities (extract)-1	Wed-SC5: Short Course: Small Antenna Design for Mobile Handsets, UWB, Sensors, RFID tags and other Applications, and their Performance Enhancement by using EBGs and Metamaterials				WS-SEM-CAD: Industrial Workshop-2								
15:30 - 16:00 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
16:00 - 18:00														
EurCAP Steering Committee Meeting	Wed-COST: The Future of Antenna Engineering - Educational Aspects	IEEE-DL3: IEEE AP-S Distinguished Lecturers-3	WS-ESA2: ESA recent A/P supported activities (extract)-2	Wed-SC5: Short Course: Small Antenna Design for Mobile Handsets, UWB, Sensors, RFID tags and other Applications, and their Performance Enhancement by using EBGs and Metamaterials	Wed-S24: mm-Wave/Quasi-Optical Antenna Measurements	Wed-S23: Smart Antennas	WS-SEM-CAD: Industrial Workshop-2	Wed-Poster: Poster Session-Antenna Theory-2	Poster Session-Measurements	Poster Session-Propagation-3	Poster Session-Small Antennas-2			
19:00 - 22:30 Boat Tour "Berlin by Night" (Individual Program)														

EuCAP 2009 Programme Overview														
Thursday March 26														
08:00 - 17:00 Registration														
Thu-S2A26: Convented: Reflect Arrays-1	Thu-S8P6: Mobile Propagation - Outdoor	Thu-S8P10: Convented: Propagation aspects beyond 50 GHz	Thu-S1A25: Convented: Numerical Methods-1	Thu-S6A30: Convented: Meta-materials-3	Thu-S4A28: UWB Analysis and Design Constraints	Thu-S3A27: Convented: Small antenna design and measurements-2	Thu-S5A29: Convented: Millimeter-Wave Antennas-1	Thu-S9M5: Testing of Antennas and Wireless Devices in Reverberation Chambers	Thu-S10J5: Convented: Automotive Antennas Systems	Thu-S11S5: Convented: European Workshop on Conformal Antennas (EWCA)-1				Lobby 1
10:10 - 10:40 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
Thu-S13A32: Convented: Reflect Arrays-2	Thu-S19P8: Propagation for Radio Network Planning	Thu-S19P12: mm- and sub-mm Wave Propagation	Thu-S12A31: Convented: Numerical Methods-2	Thu-S17A36: Convented: Meta-materials-4	Thu-S15A34: New Wideband Designs	Thu-S14A33: RFID Antennas & Systems	Thu-S16A35: Convented: Millimeter-Wave Antennas-2	Thu-S20M6: Measurement Error Reduction, Diagnostics and Calibration Techniques	Thu-S21J6: Automotive Antennas	Thu-S22S6: Convented: European Workshop on Conformal Antennas (EWCA)-2				
12:20 - 14:00 Lunch break														
Thu-Inv1: Invited Papers Antennas	Thu-Inv2: Invited Papers Propagation	WS-ARTIC1: ARTIC Workshop-1	Thu-SC6: Short Course: The Art and Science of Antenna Near-Field Measurements and Diagnostics: From Fundamentals to Recent Developments	Thu-SC7: Short Course: Atmospheric attenuation on micro- and mm-waves				WS-EMPIRE: Industrial Workshop-3						
15:30 - 16:00 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
16:00 - 18:00														
EWCA3: Convented: European Workshop on Conformal Antennas (EWCA)-3	Thu-S25: Data Acquisition Algorithms and Processing Methods	Thu-S24: Phased Array Antenna Testing	IEEE-DL4: IEEE AP-S Distinguished Lecturers-4	WS-ARTIC2: ARTIC Workshop-2	Thu-SC6: Short Course: The Art and Science of Antenna Near-Field Measurements and Diagnostics: From Fundamentals to Recent Developments	Thu-SC7: Short Course: Atmospheric attenuation on micro- and mm-waves	Thu-S23: EM Exposure and Medical Applications	WS-EMPIRE: Industrial Workshop-3	Thu-Poster: Poster Session-New Material	Poster Session-Propagation-4	Poster Session-Special Wideband Designs			
19:00 - 22:30 Conference Dinner (German Museum of Technology)														
Friday March 27														
08:00 - 12:00 Registration														
Fri-S2A38: Linear and Planar Arrays	Fri-S8P2: Convented: Building Penetration	Fri-S8P14: Experiments and Databases	Fri-S1A37: EM Theory - Special Applications	Fri-S6A42: EBG Antenna Design-1	Fri-S4A40: Convented: UWB Antennas for Communication-1	Fri-S3A39: Planar and Microstrip Antennas	Fri-S5A41: mm-Wave Antennas	Fri-S9M7: RCS Measurements	Fri-S10J7: Smart Antennas and MIMO	Fri-S11S7: Convented: URSI Special Session-1 Polarimetric and Propagation Aspects of Radar Remote Sensing				Lobby 1
10:10 - 10:40 Coffee break (will be served in the Delegates Coffee Area at the Exhibition)														
Fri-S13A44: Reconfigurable Reflect Arrays	Fri-S18P15: Mobile Propagation - Indoor	Fri-S19P16: Refractivity-related Effects	Fri-S12A43: EM Theory for RCS	Fri-S17A48: EBG Antenna Design-2	Fri-S15A46: UWB Antennas for Communications-2	Reconfigurable Antennas	Convented: Millimeter-Wave Antennas-3	Fri-S20M8: RF Material Measurements	Fri-S21J8: UWB Systems	Fri-S22S8: Convented: URSI Special Session-2 Propagation Distortions and their Mitigation in Global Navigational and Positioning Systems				
12:20 - 13:00 Closing Session Hall A
